CLOSING A CHAPTER - BEGINNING A NEW ERA

COMMONWEALTH PLAN OF ADJUSTMENT ("CWPOA")

Puerto Rico is on Sound Fiscal Footing

On January 18, 2022, Judge Swain confirmed the Commonwealth Modified 8th Amended Joint Plan of Adjustment, which marks a historic step in exiting Title III and concluding the largest restructuring of municipal debt in U.S. history.

Reduction in Debt (\$ in billions)^{1, 2}

Key Points

- Reduction of total debt service, including COFINA, from ~\$90 billion to ~\$34 billion, a 62% decrease
- Current Interest Maximum Annual Debt Service of \$1.15 billion³
- Reduction in debt service as a percentage of Own Source Revenues ("OSR") of ~25 cents pre-restructuring to approximately 6.5 cents in FY2022 after effectiveness of CWPOA^{3, 4}
- Includes Contingent Value Instruments ("CVI") based upon sharing of outperformance of 5.5% Sales and Use Tax Collections ("5.5% SUT") and General Fund Rum Tax Collections, both subject to annual and lifetime caps
- Inclusion of CVI allows for a sharing of upside on island between Government and Creditors

Notes: (1) Estimated Pre-POA Commonwealth Claims includes original issue discount. Includes GO and GO Guaranteed, Clawback, MBA, ERS, and other estimated general unsecured claims. (2) Post POA Includes current interest and capital appreciation bonds. Excludes contingent value instrument and new debt at HTA. (3) Debt service includes \$1.15 billion in GO and COFINA debt service and excludes: (i) the 5.375% GO CABs and (ii) the 5.000% GO CABs. (4) Own Source Revenues as projected in January 2022 Certified Fiscal Plan divided by that years Maximum Annual Tax-Supported Debt Service.

Debt Service Reduction – Sustainable Debt Service Levels

The financial restructuring of the Commonwealth has been a complex process, which was preceded by the successful debt restructurings for Government Development Bank and COFINA. The CWPOA ensures Puerto Rico has an affordable and predictable level of debt service.

Notes: (1) Excludes payments on account of GO Capital Appreciation Bonds. New debt issued as part of the 2021 PSA has a 25-year maximum maturity, after which the only Commonwealth fixed obligation is existing COFINA Senior Lien debt. For the avoidance of doubt, above charts do not include annual CVI payments.

CWPOA – Debt Sustainability

The Commonwealth is exiting Title III with a sustainable level of debt and debt service moving forward based on percentage of GDP, state personal income, debt per capita and own source revenues.

Net tax-supported debt, % of GDP

Net tax-supported debt to state personal income, %

Net tax-supported debt per capita, \$/person

Debt service, % of own-source revenues¹

Notes: (1) Own revenues includes all Commonwealth-collected revenues and excludes all federal transfers as included in the January 2022 CFP. (2) "Puerto Rico Post-POA" figures are based on assumptions included in the January 2022 Certified Fiscal and net tax-supported debt which includes new General Obligation debt of ~\$7.4 billion, excludes COFINA. Debt service based on \$1.15 billion MADS Cap, excludes CABs. Sources: January 2022 Certified Fiscal Plan, Exhibit 31, pg. 74.

CWPOA – General Obligation Restructured Bonds, Series 2022A

As part of the Commonwealth Plan of Adjustment, the Commonwealth of Puerto Rico expects to issue approximately \$7.5 billion of General Obligation Restructured Bonds, Series 2022A.

COMPLETED DEBT RESTRUCTURINGS

Debt Restructurings – Completed

We have shown the political will to reach consensual deals, having restructured over \$23 billion of existing indebtedness through the various mechanisms available under PROMESA, resulting in a ~30% reduction in debt across GDB, PRIFA-PORTS, COFINA and PRASA.

Successful Market Issuance – COFINA & GDB

The restructured GDB and COFINA bonds have traded well with market reception post their respective issuances in December 2018 and February 2019, respectively.

DEBT RESTRUCTURINGS IN PROCESS

HTA Plan of Adjustment

The Oversight Board and Government will restructure all legacy obligations at HTA through the Title III process consistent with the framework included in the PSA with Assured, National and other supporting holders. The Government parties have targeted a timeline for the HTA Title III Plan of Adjustment to prior to the end of Fiscal Year 2022.¹

- **HTA Debt:** HTA Plan of Adjustment will include \$1,245 million in new HTA debt.
 - HTA has the option to substitute debt with cash to lessen the long-term debt burden following HTA's Title III exit.
 - Includes the recognition of a net revenue pledge and security interest for the post-reorganization HTA bonds.

Notes: (1) Timing is uncertain and subject to further changes. (2) Pre-Restructuring claim amount represents Clawback-related claim included as of the Commonwealth Title III petition date.

PREPA Restructuring
